## Notes to the Financial Statements continued Multiplex Hybrid Investment Trust

For the year ended 30 June 2006

#### 1 Summary of principal accounting policies

The financial report of Multiplex Hybrid Investment Trust (the Trust) for the year ended 30 June 2006 was authorised for issue in accordance with a resolution of the directors of Multiplex Hybrid Investment Pty Ltd, as Trustee of the Trust, on 7 September 2006.

#### a Basis of preparation

The financial report is a general-purpose financial report, which has been prepared in accordance with the requirements of the Corporations Act 2001 and Australian Accounting Standards and Urgent Issues Group (UIG) adopted by the Australian Accounting Standards Board (AASB). The financial report has been prepared on the historical basis except where noted otherwise.

This financial report has been prepared for the Trust in order that the Multiplex SITES Trust shall comply with ASX Listing Rule 4.8.

This financial report should be read in conjunction with the Multiplex SITES Trust Product Disclosure Statement issued and lodged with the Australian Securities & Investments Commission (ASIC) on 29 November 2004 and the Supplementary Product Disclosure Statement issued and lodged with the ASIC on 9 December 2004 and any public announcements made by the Multiplex SITES Trust during the period in accordance with continuous disclosure obligations arising under the Corporations Act 2001.

The financial report is presented in Australian dollars. The Trust is of a kind referred to in Class Order 98/100, issued by ASIC, relating to the "rounding off" of amounts in the financial report. Amounts in the financial report have been rounded off in accordance with that Class Order to the nearest thousand dollars, or in certain cases, to the nearest dollar.

The trust was registered on 24 November 2004, therefore the comparatives in this financial report are for the period from the date of registration to 30 June 2005.

#### b Statement of compliance

International Financial reporting Standards (IFRS) form the basis of the Australian Accounting Standards adopted by the AASB, being the Australian equivalents to IFRS (AIFRS). AIFRS are applicable to the Trust from the date of registration being 24 November 2004, with the comparative Financial Statements restated accordingly.

The preparation of the financial report in accordance with Australian Accounting Standards has resulted in changes to the accounting policies as compared with the annual Financial Statements for the Trust prepared under previous Generally Accepted Accounting Principles (GAAP) for the period ended 30 June 2005.

An explanation of how the transition to AIFRS has affected the total equity, net profit and cash flows of the Trust is provided in Note 15.

#### c Receivables

Receivables are stated at cost less any identified impairment losses. Non current receivables are measured at amortised cost using the applicable interest rate.

#### d Payables

Payables are stated at cost and represent liabilities for goods and services provided to the Trust prior to the end of the financial year and which are unpaid.

### Independent audit report to the unitholders of Multiplex Hybrid Investment Trust

#### Scope

#### The financial report and directors' responsibility

The financial report comprises the income statement, statement of changes in net assets attributable to unitholders, balance sheet, statement of cash flows and accompanying notes 1 to 16 to the financial statements set out on pages 3 to 10 for Multiplex Hybrid Investment Trust (the "Trust") for the year ended 30 June 2006.

The directors of the Trustee, Multiplex Hybrid Investments Pty Limited, are responsible for the preparation and true and fair presentation of the financial report in accordance with the Corporations Act 2001. This includes responsibility for the maintenance of adequate accounting records and internal controls that are designed to prevent and detect fraud and error, and for the accounting policies and accounting estimates inherent in the financial report. The directors are also responsible for preparing the relevant reconciling information regarding the adjustments required under Australian Accounting Standard AASB 1 First-time Adoption of Australian Equivalents to International Financial Reporting Standards.

#### Audit approach

We conducted an independent audit in order to express an opinion to the unitholders of the Trust. Our audit was conducted in accordance with Australian Auditing Standards to provide reasonable assurance as to whether the financial report is free of material misstatement. The nature of an audit is influenced by factors such as the use of professional judgement, selective testing, the inherent limitations of internal control, and the availability of persuasive rather than conclusive evidence. Therefore, an audit cannot guarantee that all material misstatements have been detected.

We performed procedures to assess whether in all material respects the financial report presents fairly, in accordance with the Corporations Act 2001, Australian Accounting Standards and other mandatory financial reporting requirements in Australia, a view which is consistent with our understanding of the Trust's financial position, and of its performance as represented by the results of its operations and cash flows.

We formed our audit opinion on the basis of these procedures, which included:

- examining, on a test basis, information to provide evidence supporting the amounts and disclosures in the financial report, and
- assessing the appropriateness of the accounting policies and disclosures used and the reasonableness of significant accounting estimates made by the directors.

While we considered the effectiveness of management's internal controls over financial reporting when determining the nature and extent of our procedures, our audit was not designed to provide assurance on internal controls.
