Mr Ross A McDiven	Nil	Nil	Nil
Mr Russell T Proutt	Nil	Nil	Nil
Mr Timothy M Harris	Nil	Nil	Nil
Mr Neil D Olofsson	Nil	Nil	Nil

---

#### Principal activities

The principal activities of the Company relate to the issue of the Brookfield Secured Bonds Series A (BSBsA). The BSBsA are limited recourse mortgage debentures which are secured by a first ranking mortgage over a 50% interest in an A grade office building located in the Sydney CBD.

The face value of the BSBsA is \$100 per bond and totals \$57 million.

The Company did not have any employees during the year.

#### Review of operations

During the prior period the Company issued 570,000 BSBsA with a face value of \$100 per bond. The BSBsA have a three year term and interest rate of 7.82% per annum. Official quotation of the BSBsA on the Australian Securities Exchange (ASX) commenced on 10 July 2009.

The Company earned a net profit attributable to members of \$62,086 for the year ended 31 December 2010 (period ended 31 December 2009: \$nil).

Total interest paid or payable in respect of the year ended 31 December 2010 was \$4,457,400 (period ended 31 December 2009: \$2,156,977). The value of the Company's net assets at the end of the financial year was \$62,096 (31 December 2009: \$10).

#### Likely developments and expected results of operations

In the opinion of the Directors, further information has not been included in this report because the Directors believe that to do so would be likely to result in unreasonable prejudice to the Company.

#### Dividends from the Company

There were no dividends paid or declared during the year ended 31 December 2010 (period ended 31 December 2010:\$nil).

#### Events subsequent to the reporting date

To the best knowledge of the Directors, there has been no matter or circumstance that has arisen since the end of the year that has significantly affected, or may affect, the Company's operations in future financial years, the results of those operations or the Company's state of affairs in future financial years.

## Brookfield Secured Bonds Series A Issuer Limited

6

For the year ended 31 December 2010

### Indemnification and insurance of officers and auditors

Brookfield Australia Investments Limited has entered into deeds of access and indemnity with each of the Company's Directors, Company Secretary and other nominated Officers. The terms of the deeds are in accordance with the provisions of the *Corporations Act 2001* and will indemnify these executives (to the extent permitted by law) for up to seven years after serving as an Officer against legal costs incurred in defending civil or criminal proceedings against the executives, except where proceedings result in unfavourable decisions against the executives, and in respect of reasonable legal costs incurred by the executives in good faith in obtaining legal advice in relation to any issue relating to the executives being an officer of the Company.

Under the deeds of access and indemnity, the Company has agreed to indemnify these persons (to the extent permitted by law) against:

- liabilities incurred as a director or officer of the Company or a company in the Group, except for those liabilities incurred in relation to the matters set out in section 199A(2) of the *Corporations Act 2001*; and
- reasonable legal costs incurred in defending an action for a liability or alleged liability as a director or officer, except for costs incurred in relation to the matters set out in section 199A(3) of the *Corporations Act 2001*.

Brookfield Australia Investments Limited has also agreed to effect, maintain and pay the premium on the director's and officer's insurance policy.

This policy does not seek to insure against liabilities (other than for legal costs) arising out of:

- conduct involving a wilful breach of duty in relation to the Company or a company in the Brookfield Australia Investments Group; or
- a contravention of sections 182 or 183 of the *Corporations Act 2001*.

The obligation to effect, maintain and pay the premium on a policy continues for a period of seven years after the director or officer has left office.

### Contract of insurance

Brookfield Australia Investments Limited has paid or agreed to pay a premium in respect of a contract insuring the Directors and officers of the Company against a liability. The Directors have not included details of the nature of the liabilities covered or the amount of the premium paid in respect of the Directors' and officers' liabilities, as such disclosure is prohibited under the terms of the contract.

The Company has not otherwise, during or since the end of the financial year, except to the extent permitted by law, indemnified or agreed to indemnify an officer or auditor of the Company or of any related body corporate against a liability incurred as such an officer or auditor.

### Lead auditor's independence declaration under Section 307C of the Corporations Act 2001

The lead auditor's independence declaration is set out on page 7 and forms part of the Directors' Report for the year ended 31 December 2010.

Dated at Sydney this 28 day of March 2011.

Signed in accordance with a resolution of the Directors made pursuant to Section 298(2) of the *Corporations Act 2001*.

SYDNEY, NSW 2000

28 March 2011

Dear Directors

**Brookfield Secured Bonds Series A Issuer Limited**

In accordance with section 307C of the Corporations Act 2001, I am pleased to provide the following declaration of independence to the directors of Brookfield Secured Bonds Series A Issuer Limited.

As lead audit partner for the audit of the financial statements of Brookfield Secured Bonds Series A Issuer Limited for the financial year ended 31 December 2010, I declare that to the best of my knowledge and belief, there have been no contraventions of:

- (i) the auditor independence requirements of the Corporations Act 2001 in relation to the audit; and
- (ii) any applicable code of professional conduct in relation to the audit.

Yours faithfully

DELOITTE TOUCHE TOHMATSU

# Notes to the Financial Statements

## Brookfield Secured Bonds Series A Issuer Limited

12

For the year ended 31 December 2010

### 1 Reporting entity

Brookfield Secured Bonds Series A Issuer Limited (the Company) is a public company incorporated and domiciled in Australia. The parent entity of the Company is Brookfield Latitude Site C Investments Trust (formerly Latitude Site C Investments Trust) (Holding Trust). The ultimate parent entity is Brookfield Asset Management Inc.(BAM), domiciled in Canada.

The Company was incorporated on 30 April 2009.

The Company has issued Brookfield Secured Bonds Series A (BSBsA), which are limited recourse mortgage debentures secured by a first property mortgage over a 50% interest in an A-grade office building located in the Sydney CBD.

The face value of the BSBsA is \$100 per bond and totals \$57 million.

The annual financial statements of the Company for the year ended 31 December 2010 were authorised for issue in accordance with a resolution of the Directors on 28 March 2011.

### 2 Basis of preparation

#### Statement of compliance

The financial report is a general purpose financial report which has been prepared in accordance with the requirements of the *Corporations Act 2001* and Australian Accounting Standards. Accounting standards include Australian equivalents to International Financial Reporting Standards (IFRS). Compliance with Australian equivalents to IFRS ensures that the financial statements and notes of the Company comply with IFRS.

The financial report has been prepared on the historical cost basis.

#### Use of estimates and judgements

The preparation of annual financial statements requires management to make judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets and liabilities, income and expense. Actual results may differ from those estimates.

### 3 Significant accounting policies

#### a Revenue recognition

Revenue is recognised to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured. The following specific criteria must also be met before revenue is recognised. Where amounts do not meet the recognition criteria, they are deferred and recognised in the period in which the recognition criteria are met.

#### Interest revenue

Interest revenue is recognised as it accrues, taking into account the effective yield on the financial asset.

#### b Expenses

##### Finance costs

Finance costs are recognised as expensed using the effective interest method. Financing costs are recognised as expenses in the period in which they are incurred.

Financing costs include:

- interest on borrowings;
- amortisation of discounts or premiums relating to borrowings; and
- amortisation of ancillary costs incurred in connection with the arrangement of borrowings.

#### c Income tax

The Company is a member of the Brookfield Holdco (Australia) Pty Ltd (Holdco Australia) income tax consolidated group.

Upon entry to the Holdco Australia tax consolidated group, the Company entered into a tax sharing agreement which, in the opinion of the Directors, limits the joint and several liability of the Company in the case of default by Holdco Australia head company.

The tax sharing agreement also contains tax funding provisions. Pursuant to the tax funding provisions, the Company fully compensates the Holdco Australia head company for any current tax payable assumed. The Holdco Australia head company is not required to compensate wholly-owned Australian entities for any current tax receivable and deferred tax assets relating to unused tax losses or unused tax credits that are transferred to the Holdco Australia head company under the tax consolidation legislation.

The amounts payable under the tax funding provisions are due upon receipt of the tax funding advice from the head entity which is issued as soon as practicable after the end of each financial year. The head entity may also require payment of interim funding amounts to assist with its obligations to pay income tax instalments.

# Notes to the Financial Statements continued

## Brookfield Secured Bonds Series A Issuer Limited

13

For the year ended 31 December 2010

### 3 Significant accounting policies *continued*

#### d Cash and cash equivalents

For purposes of the Statement of Cash Flows, cash includes cash balances, deposits at call with financial institutions and other highly liquid investments, with short periods to maturity, which are readily convertible to cash on hand and are subject to an insignificant risk of changes in value, net of outstanding bank overdrafts.

#### e Trade and other receivables

Trade debtors and other receivables are stated at their amortised cost less any identified impairment losses.

#### f Calculation of recoverable amount

The recoverable amount of loans and receivables carried at amortised cost is calculated as the present value of the estimated future cash flows, discounted at the original effective interest rate (being the effective interest rate computed at initial recognition of these financial assets). Receivables with a short duration are not discounted.

Impairment of receivables is not recognised until objective evidence is available that an impairment event has occurred. Significant receivables are individually assessed for impairment. Receivables that are not assessed as impaired or are not significant are placed into portfolios of assets with similar risk profiles and a collective assessment of impairment is performed.

#### g Trade and other payables

Payables are stated at amortised cost and represent liabilities for goods and services provided to the Company prior to the end of the financial period and which are unpaid. The amounts are unsecured and are payable when called.

#### h Interest bearing loans and borrowings

Interest bearing liabilities are recognised initially at fair value less any attributable transaction costs. Subsequent to initial recognition, interest bearing liabilities are stated at amortised cost with any difference between cost and redemption value being recognised in the Statement of Comprehensive Income over the period of the borrowings on an effective interest basis.

#### i Issued capital

Ordinary shares are classified as equity. Incremental costs directly attributable to the issue of new units are shown in equity as a deduction, net of tax, from the proceeds.

#### j New standards and interpretations not yet adopted

The following standards, amendments to standards and interpretations have been identified as those which may impact the entity in the period of initial application but have not been applied preparing these financial statements.

AASB 9 *Financial Instruments* effective date annual periods beginning on or after 1 January 2013 introduces new requirements for classifying and measuring financial assets. Debt instruments meeting both a business model test and a cash flow characteristics test are measured at amortised cost and investments in equity instruments can be designated as fair value through other comprehensive income with only dividends being recognised in profit or loss.

### 4 Segment reporting

The Company operates in a single segment, being the issuer of BSBsA in Australia. All items of the Statement of Comprehensive Income and Statement of Financial Position are derived from this single segment therefore no further segment reporting is required. The chief operating decision maker of the Company, the Board of Directors, reviews and assesses performance using information displayed as set out in these statements.

For the year ended 31 December 2010

### 13 Related party disclosure

#### Key management personnel

The Company does not employ in its own right.

Key management personnel are remunerated by BAM or its controlled entities.

During or since the end of the financial year, none of the key management personnel held shares in the Company or BSBsA, either directly, indirectly, or beneficially.

#### Directors' loans

No loans were made by the Company to the key management personnel and/or their related parties.

#### Transactions with related parties

Details of dealings with related parties not already disclosed elsewhere in the financial statements are set out below:

	Year ended 31 Dec 2010 \$	Period from 30 Apr 2009 to 31 Dec 2009 \$
Interest received or receivable by the Company from Brookfield Latitude Site C Landowning Trust		
Interest income	4,457,400	2,156,977

At 31 December 2010 a related party is owed \$19,274,000 (31 Dec 2009: \$19,274,000) included in the Company's interest bearing loans and borrowings. Interest paid or payable to the related party during the year was \$1,507,227 in respect to these loans.

### 14 Financial instruments

The Company's activities expose it to a variety of financial risks: market risk (including interest rate risk), credit risk and liquidity risk. The Company's overall risk management program focuses on the unpredictability of financial markets and seeks to minimise potential adverse effects on the financial performance of the Company. It is the Company's policy that no trading in financial instruments shall be undertaken nor will the Company enter into transactions that could be construed as speculative.

The Company's principal financial instruments, comprise receivables, limited recourse mortgage debentures and cash.

The main purpose of these financial instruments is to provide funds for the Company's operations. The Company has various other financial assets and liabilities such as trade receivables and trade payables, which arise directly from its operations.

The main risks arising from the Company's financial instruments are cash flow interest rate risk, liquidity risk and credit risk. These financial risks are the responsibility of the following groups and policies in the context outlined below:

- Group Treasury – responsible for centrally managing the above risks both on a regional and global basis in accordance with the Group Policy, which contains the written principles for management of the above risks. Transactions relating to debt funding, bonding facilities or exposures to other material financial risks should be signed off by Group Treasury.
- Signing Authorities and Delegation Policy (SADP) – this policy aims to regulate the risk and expenditure approval framework for the Group by setting approval levels for all expenditures and represents the minimum required approvals that have been delegated to the employees of the Group.
- Credit risk is actively managed as detailed within the 'credit risk' section of Note 14.

Details of the significant accounting policies and methods, including the criteria for recognition, the basis for measurement and the basis on which income and expenses are recognised, in respect of each class of financial asset, financial liability and equity instrument are disclosed in Note 3 to the financial statements.

#### Market risk

##### Interest rate risk

The income, expenses and associated operating cash flows of the Company's financial assets and liabilities are substantially independent of changes in market interest rates. The Company's loans are provided to related parties. Interest bearing loans provided to related parties are at a fixed interest rate. The BSBsA are also issued at a fixed interest rate.

For the year ended 31 December 2010, the Company did not undertake any specific hedging of loan receivables or interest bearing liabilities.

The Company's exposure to interest rate risk at the reporting date and the periods in which they mature or, if earlier, reprice, for classes of financial assets and financial liabilities is set out below:

	Non-interest bearing \$	Floating interest rate \$	Fixed interest maturing in			Total \$m
			Less than 1 year \$	Between 1 – 5 years \$	Over 5 years \$	
<b>31 December 2010</b>						
<b>Financial assets</b>

<b>Total financial liabilities</b>	<b>3,871,625</b>	<b>-</b>	<b>-</b>	<b>57,000,000</b>	<b>-</b>	<b>60,871,625</b>

##### Interest rate sensitivity

The Company's sensitivity to a 1% movement in Australian dollar interest rates in relation to cash and cash equivalents:

	31 Dec 2010				31 Dec 2009			
	Impact on Profit		Impact on Equity		Impact on Profit		Impact on Equity	
	+100 bps	-100 bps	+100 bps	-100 bps	+100 bps	-100 bps	+100 bps	-100 bps
Australian Dollar	22,093	(22,093)	-	-	11,046	(11,046)	-	-

##### Credit risk

Credit risk represents the loss that would be recognised if a counterparty failed to perform as contracted. Credit risk principally arises from the Company's loans to related parties within the Brookfield Australia Investments Group.

The Company's maximum exposure to credit risk at the reporting date, in relation to each recognised financial asset, is the carrying value of the asset recognised in the Statement of Financial Position.

# Notes to the Financial Statements continued

## Brookfield Secured Bonds Series A Issuer Limited

18

For the year ended 31 December 2010

### 14 Financial instruments continued

#### Liquidity risk

The Company is exposed to liquidity risk, being the risk of encountering difficulties in meeting obligations relating to the Company's financial liabilities. The Company's principal financial instruments relate to the BSBsA, the face value of which is secured by a first ranking mortgage over a 50% interest in an A grade office building located at 52 Goulburn Street, Sydney and various fixed and/or floating charges over the Company, Holding Trust and Property Owner.

As part of its liquidity risk management, the Company operates a collection bank account whereby the Property Owner is required to deposit its share of all rental income, net of certain expenses and taxes, so that the Trustee of the BSBsA can apply the funds towards meeting amounts due and payable in respect of the BSBsA.

Liquidity risks for which the Company may be exposed are regularly reviewed and monitored as part of the Brookfield Australia Investments Group's capital management policy.

The Company had no undrawn borrowing facilities at the reporting date.

#### Maturities of financial liabilities

The table below analyses the Company's financial liabilities into relevant maturity groupings based on the remaining period at the reporting date to the contractual maturity date. The amounts disclosed in the table are the contractual undiscounted cash flows. The table includes both interest and principal cash flows.

	Less than 1 year \$	Between 1 – 2 years \$	Between 2 – 3 years \$	Over 3 years \$	Total \$
<b>31 December 2010</b>					
Payables	1,275,117	-	-	-	1,275,117
Non-interest bearing liabilities	1,388,375	-	-	-	1,388,375
Interest bearing loans and borrowings	4,457,400	59,344,715	-	-	63,802,115
<b>Total</b>	<b>7,120,892</b>	<b>59,344,715</b>	<b>-</b>	<b>-</b>	<b>66,465,607</b>
<b>31 December 2009</b>					
Payables	1,398,511	-	-	-	1,398,511
Non-Interest bearing liabilities	2,473,144	-	-	-	2,473,144
Interest bearing loans and borrowings	4,457,400	4,457,400	59,344,715	-	68,259,515
<b>Total</b>	<b>8,329,025</b>	<b>4,457,400</b>	<b>59,344,715</b>	<b>-</b>	<b>72,131,170</b>

#### Fair value

No financial assets or liabilities have been designated at fair value through the Statement of Comprehensive Income. After initial recognition, loans and receivables and interest bearing liabilities are measured at amortised cost using the effective interest rate method, which approximates fair value.

### 15 Auditor's remuneration

During the current year, all amounts paid to the auditor of the Company, Deloitte Touche Tohmatsu, were borne by Brookfield Australia Investments Limited.

### 16 Contingent liabilities and assets

No contingent liabilities or assets existed at 31 December 2010.

### 17 Capital and other commitments

No capital or other commitment existed at 31 December 2010.

### 18 Events occurring after the reporting date

To the best knowledge of the Directors, there has been no matter or circumstance that has arisen since the end of the financial year that has significantly affected, or may affect, the Company's operations in future financial years, the results of those operations or the Company's state of affairs in future financial years.

# Directors' Declaration

## Brookfield Secured Bonds Series A Issuer Limited

19

For the year ended 31 December 2010

In the opinion of the Directors of Brookfield Secured Bonds Series A Issuer Limited:

- a the financial statements and notes set out on pages 8 to 18 are in accordance with the *Corporations Act 2001*, including:
  - i giving a true and fair view of the financial position of the Company as at 31 December 2010 and of its performance for the year ended on that date; and
  - ii the attached financial statements are in compliance with International Financial Reporting Standards, as stated in note 2 to the financial statements; and
  - iii complying with Australian Accounting Standards (including the Australian Accounting Interpretations) and the Corporations Regulations 2001; and
- b there are reasonable grounds to believe that the Company will be able to pay its debts as and when they become due and payable.

Signed in accordance with a resolution of the Directors of Brookfield Secured Bonds Series A Issuer Limited as required by Section 295(5) of the *Corporations Act 2001*.

Dated at Sydney, this 28 day of March 2011

## **Independent Auditor's Report to the members of Brookfield Secured Bonds Series A Issuer Limited**

We have audited the accompanying financial report of Brookfield Secured Bonds Series A Issuer Limited, which comprises the statement of financial position as at 31 December 2010, the statement of comprehensive income, the statement of cash flows and the statement of changes in equity for the year ended on that date, notes comprising a summary of significant accounting policies and other explanatory information, and the directors' declaration as set out on pages 8 to 19.

### *Directors' Responsibility for the Financial Report*

The directors of Brookfield Secured Bonds Series A Issuer Limited, are responsible for the preparation of the financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001* and for such internal control as the directors determine is necessary to enable the preparation of the financial report that is free from material misstatement, whether due to fraud or error. In Note 2, the directors also state, in accordance with Accounting Standard AASB 101 *Presentation of Financial Statements*, that the financial statements comply with International Financial Reporting Standards.

### *Auditor's Responsibility*

Our responsibility is to express an opinion on the financial report based on our audit. We conducted our audit in accordance with Australian Auditing Standards. Those standards require that we comply with relevant ethical requirements relating to audit engagements and plan and perform the audit to obtain reasonable assurance whether the financial report is free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial report. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial report, whether due to fraud or error. In making those risk assessments, the auditor considers internal control, relevant to the entity's preparation of the financial report that gives a true and fair view, in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by the directors, as well as evaluating the overall presentation of the financial report.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

*Auditor's Independence Declaration*

In conducting our audit, we have complied with the independence requirements of the *Corporations Act 2001*. We confirm that the independence declaration required by the *Corporations Act 2001*, which has been given to the directors of Brookfield Secured Bonds Series A Issuer Limited, would be in the same terms if given to the directors as at the time of this auditor's report.

*Opinion*

In our opinion:

- (a) the financial report of Brookfield Secured Bonds Series A Issuer Limited is in accordance with the *Corporations Act 2001*, including:
  - (i) giving a true and fair view of Brookfield Secured Bonds Series A Issuer Limited's financial position as at 31 December 2010 and of its performance for the year ended on that date; and
  - (ii) complying with Australian Accounting Standards and the *Corporations Regulations 2001*; and
- (b) the financial statements also comply with International Financial Reporting Standards as disclosed in Note 2.

# Notes to the Financial Statements

## Brookfield Latitude Site C Landowning Trust

For the year ended 31 December 2010

### 1 Reporting entity

Brookfield Latitude Site C Landowner Pty Ltd (formerly named Latitude Site C Landowner Pty Ltd) (Trustee) is the Trustee of Brookfield Latitude Site C Landowning Trust (formerly Latitude Site C Landowning Trust) (Trust). The Trust operates in Australia. The beneficial unit holder of the Trust is Brookfield Latitude Site C Investments Trust (formerly Latitude Site C Investments Trust). Brookfield Asset Management Inc., the ultimate Parent of the Trust and the Trustee, is domiciled in Canada.

The financial report of the Trust for the year ended 31 December 2010 was authorised for issue in accordance with a resolution of the Directors of the Trustee on 28 March 2011.

The registered office and principal place of the Trust and the Trustee is Level 22, 135 King Street, Sydney, NSW 2000.

### 2 Basis of preparation

#### Statement of compliance

In the opinion of the Directors of the Trustee, the Trust is not a reporting entity because there are no users dependent on general purpose financial reports.

The financial report is a special purpose financial report prepared for the sole purpose of complying with reporting requirements to prepare and distribute a financial report to the unitholders and must not be used for any other purpose. The Directors of the Trustee have determined that the accounting policies adopted are appropriate to meet the needs of the relevant users.

This report has been prepared in accordance with the recognition and measurement requirements specified by all Accounting Standards and Interpretations, and the disclosure requirements of Accounting Standards AASB 101 *Presentation of Financial Statements*, AASB 107 *Statement of Cash Flows* and AASB 108 *Accounting policies, Changes in Accounting Estimates and Errors*.

Due to the classification of certain intercompany loan balances as current at 31 December 2010, the Trust is in a net current liability position of \$3,797,000. The Trust has non-current assets of \$96,450,000 and a net asset position of \$35,653,000. In accordance with AASB 101, an entity shall prepare financial statements on a going concern basis unless management either intends to liquidate the entity or to cease trading, or has no realistic alternative but to do so. As the net current liability position is due to classification of related party loans and the deficit will be funded by the net cash inflow from operating activities that the Trust generates, the financial statements have been prepared on a going concern basis.

#### Basis of measurement

The report has been prepared on the historical cost basis except for investment property, which is stated at fair value.

All financial information presented in the report is presented in Australian dollars and has been rounded to the nearest thousand dollars, unless otherwise stated.

#### Use of estimates and judgements

Preparation of the financial report requires management to make judgements, estimates and assumptions that affect the application of accounting policies and the reported amount of assets, liabilities, income and expenses. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised and in any future periods affected.

In particular, information about significant areas of estimation, uncertainty and critical judgements in applying accounting policies that have the most significant effect on the amount recognised in the financial statements is provided in Note 7, investment property.

### 3 Significant accounting policies

The significant policies set out below have been applied consistently to all periods presented in the financial report.

#### Revenue recognition

##### Property rental revenue

Rental income from investment property earned under an operating lease is recognised in the Statement of Comprehensive Income on a straight-line basis over the term of the lease.

In accordance with Interpretation 115 *Operating Leases – Incentives*, lease incentives granted are recognised by the Trust as an integral part of the total rental income and are amortised on a straight-line basis and deducted from rental income over the term of the lease.

Contingent rents are recorded as income by the Trust in the periods in which they are earned.

##### Interest revenue

Interest revenue is recognised as it accrues, taking into account the effective yield on the financial asset.

#### Expenses

Expenses including rates, taxes and other property outgoings are brought to account on an accruals basis, and any related payables are carried at amortised cost.

##### Finance costs

Finance costs are recognised as expenses using the effective interest method. Financing costs are recognised as expenses in the period in which they are incurred, except where they are included in the costs of investment properties under development. Where borrowings are specific to investment properties under development, the rate at which borrowing costs are capitalised is determined by reference to the actual borrowing costs incurred.

Financing costs include:

- interest on bank overdrafts and short-term and long-term borrowings, including amounts paid or received on interest rate swaps;
- amortisation of discounts or premiums relating to borrowings;
- amortisation of ancillary costs incurred in connection with the arrangement of borrowings;
- finance lease charges; and
- certain exchange differences arising from foreign currency borrowings.

##### Investment property

Investment property are properties held to earn long-term rental yields and/or for capital appreciation.

Land and buildings is considered to have the function of an investment and are therefore regarded as a composite asset, the overall value of which is influenced by many factors, the most prominent being income yield, rather than diminution in the value of the building component due to the passing of time. Accordingly, the buildings and all components thereof, including integral plant and equipment, are not depreciated.

Investment property acquired is initially recorded at their cost of acquisition, being the fair value of the consideration provided plus incidental costs directly attributable to the acquisition. Investment property is subsequently carried at fair value based on the principles outlined below.

Where the contracts of purchase include a deferred payment arrangement, amounts payable are recorded at their present value, discounted at the rate applicable to the Trust if a similar borrowing were obtained from an independent financier under comparable terms and conditions.

##### Valuations

Investment properties are stated at their fair value at the reporting date.

The investment properties of the Trust are internally valued at every reporting date and independently valued once every three years or whenever it is believed that the fair value of a property differs significantly from its carrying value, based on a material change to the assumptions and market conditions underlying the valuation. These valuations are considered by the Directors when determining fair value.

The fair value of investment property is the price at which the property could be exchanged between knowledgeable, willing parties in an arm's length transaction, and is determined:

- without any deduction for transaction costs the entity may incur on sale or other disposal;
- reflecting market conditions at the reporting date;
- reflecting rental income from current leases and reasonable and supportable assumptions that represent what knowledgeable, willing parties would assume about rental income from future leases in the light of current conditions. It also reflects, on a similar basis, any cash outflows that could be expected in respect of the property;
- assuming simultaneous exchange and completion of the contract for sale without any variation in price that might be made in an arm's length transaction between knowledgeable, willing parties if exchange and completion are not simultaneous;
- ensuring that there is no double counting of assets or liabilities that are recognised as separate assets or liabilities; and
- without inclusion of uncommitted future capital expenditure that will improve or enhance the property. The valuation does not reflect the related future benefits from this future expenditure.

Investment property is derecognised when they have either been disposed of or when the investment property is permanently withdrawn from use and no future benefit is expected from its disposal.

Any gains or losses arising from a change in the fair value of investment property are recognised in the Statement of Comprehensive Income in the period in which they arise.

##### Trade and other receivables

Trade debtors and other receivables are stated at their amortised cost less any identified impairment losses.

Non-current receivables are measured at amortised cost using the effective interest rate method.

##### Trade and other payables

Payables are stated at amortised cost and represent liabilities for goods and services provided to the Trust prior to the end of the financial period and which are unpaid. The amounts are unsecured and are usually paid within 30 days of recognition.

##### Interest bearing liabilities

Interest bearing liabilities are recognised initially at fair value less any attributable transaction costs. Subsequent to initial recognition, interest bearing liabilities are stated at amortised cost with any difference between cost and redemption value being recognised in the Statement of Comprehensive Income over the period of the borrowings on an effective interest basis.

##### Non-interest bearing loans

All non-interest bearing loans are recognised at fair value of the consideration received less directly attributable transaction costs. Borrowings are classified as current liabilities unless the Trust has an unconditional right to defer settlement of the liability for at least 12 months after the reporting date. These borrowings are non-interest bearing loans from related parties and are callable on demand.

##### Distributions

The Trust seeks to fully distribute its taxable income to its unitholders. Under current income tax legislation, the Trust is not liable for Australian income tax provided that the taxable income is fully distributed to unitholders each year, and any taxable capital gain derived from the sale of an asset acquired after 19 September 1985 is fully distributed to unitholders. Distributions may also include capital gains arising from the disposal of investments and tax deferred income. Unrealised gains and losses on investments that are recognised as income (for example, fair value adjustments relating to investment properties) are usually retained and are generally not assessable or distributed until realised. Capital losses are not distributed to unitholders but are retained to be offset against any future realised capital gains.

### 3 Significant accounting policies *continued*

#### New standards and interpretations not yet adopted

The following standards, amendments to standards and interpretations have been identified as those which may impact the entity in the period of initial application. They are available for early adoption at 31 December 2010 but have not been applied preparing these financial statements:

AASB 9 *Financial Instruments* is effective from annual periods beginning on or after 1 January 2013 introduces new requirements for classifying and measuring financial assets, as follows, debt instruments meeting both a business model test and a cash flow characteristics test are measured at amortised cost and investments in equity instruments can be designated as fair value through other comprehensive income with only dividends being recognised in the Statement of Comprehensive Income. The Trust has not yet decided when to adopt AASB 9 or determined the consequential impact of the amendment.

IAS 24 *Related Party Disclosures* modifies the definition of a related party and simplifies some disclosures for government related entities. As the Trust is not a government related entity these disclosure are not expected to have an impact and therefore the Trust have not opted for early adoption. The changes may however effect counterparties of the Trust which previously did not fall within the scope of a related party. The Trust has not yet decided when to adopt the IAS 24 changes or determined the consequential impact of the amendment.

IAS 32 *Classification of Rights Issues* addresses the classification of certain rights issues denominated in a foreign currency as either an equity instrument or as a financial liability. To date, the Trust has not entered into any arrangements that would fall within the scope of the amendments. However, if the Trust does enter into any rights issues within the scope of the amendments in future accounting periods, the amendments to IAS 32 will have an impact on the classification of those rights issues.

IFRIC 19 *Extinguishing Financial Liabilities with Equity Instruments* provides guidance regarding the accounting for the extinguishment of a financial liability by the issue of equity instruments. If the Trust enters into any such transactions in the future, IFRIC 19 will affect the required accounting. In particular, under IFRIC 19, equity instruments issued under such arrangements will be measured at their fair value, and any difference between the carrying amount of the financial liability extinguished and the fair value of equity instruments issued will be recognised in profit or loss.

#### Comparatives

Where deemed necessary, the comparatives have been reclassified to achieve consistency with the current year.

### 4 Revenues and expenses

### Independent valuations

Property investments are investments in properties which are held either to earn rental income or for capital appreciation or both. Property investments are stated at fair value. An external valuation company, having an appropriately recognised professional qualification and recent experience in the location and category of the property being valued, values the investment property whenever it is believed that the fair value of a property differs significantly from its carrying value, based on a material change to the assumptions and market conditions underlying the valuation. In the current year, the investment property was valued externally by Colliers International at 30 June 2010. An internal valuation was carried out at 31 December 2010. The fair value is based on market values, being the estimated amount for which a property could be exchanged on the date of valuation between a willing buyer and a willing seller, in an arm's length transaction after appropriate marketing wherein the parties have each acted knowledgeably, prudently and without compulsion.

Valuations reflect, where appropriate, the type of tenants, future rent reviews and market conditions. A change in any of these factors could have a significant impact on the value of the Trust's property investment. The valuation has been undertaken using a discounted cash flow approach and a capitalisation method. The key assumptions adopted under these methods include assessment of the capitalisation rate, discount rate, terminal yield, current passing/market rent and forecast net annual cash flows receivable from properties.

Any gain or loss from a change in fair value is recognised in the Statement of Comprehensive Income. All property acquisition costs in respect of properties acquired are capitalised into the value of the property investments at the time of purchase to reflect the total acquisition cost in the Statement of Financial Position. Additions and other expenditure on property investments which are capital in nature are capitalised as incurred. Where independent valuations are undertaken prior to the reporting date, the assumptions on which the valuation is based are reviewed in light of the prevailing market conditions at the reporting date to ensure that any material change is reflected in the valuation.

### 15 Remuneration of auditors

During the current and comparative periods, all amounts paid to the auditor of the Trust were borne by Brookfield Australia Investments Limited.

### 16 Contingent liabilities and assets

There are no contingent liabilities or assets requiring recognition at 31 December 2010 (2009:\$nil).

### 17 Capital and other commitments

Total commitments at reporting date were \$1,230,000 in relation to capital commitments for the investment property (2009: \$1,221,810).

### 18 Events occurring after the reporting date

There have been no significant events or transactions that have arisen since the end of the financial year which, in the opinion of the Trustee, would significantly affect the operations of the Trust, the results of those operations, or the state of affairs of the Trust in future financial years.

# Directors' Declaration

## Brookfield Latitude Site C Landowning Trust

15

For the year ended 31 December 2010

As detailed in note 2 to the financial statements, the Trust is not a reporting entity because, in the opinion of the Directors, there are unlikely to exist users of the financial report who are unable to command the preparation of reports tailored so as to satisfy specifically all of their information needs. Accordingly, this special purpose financial report has been prepared to satisfy the Directors' reporting requirements under the Trust Constitution.

In the opinion of the Directors of Brookfield Latitude Site C Landowning Pty Limited, the trustee of the Trust:

- a the Financial Statements and the notes to the Financial Statements, as set out on pages 4 to 14, are in accordance with the Trust Constitution, including:
  - i giving a true and fair view of the financial position of the Trust as at 31 December 2010 and of its performance, as represented by the results of its operations and its cash flows, for the year ended on that date; and
  - ii complying with Australian Accounting Standards;
- b there are reasonable grounds to believe that the Trust will be able to pay its debts as and when they become due and payable;
- c the Trust has operated during year ended 31 December 2010 in accordance with the provisions of the Trust Constitution dated 30 June 2003; and
- d the register of unitholders has, during the year ended 31 December 2010, been properly drawn up and maintained so as to give a true account of the unitholders of the Trust.

Signed in accordance with a resolution of the Trustee.

Dated at Sydney this 28 day of March 2011

## **Independent Auditor's Report to the Unitholders of Brookfield Latitude Site C Landowning Trust**

We have audited the accompanying financial report, being a special purpose financial report, of Brookfield Latitude Site C Landowning Trust (the "Trust"), which comprises the statement of financial position as at 31 December 2010, the statement of comprehensive income, the statement of cash flows and the statement of changes in equity for the year ended on that date, notes comprising a summary of significant accounting policies and other explanatory information, and the directors' declaration as set out on pages 4 to 15.

### *Directors' Responsibility for the Financial Report*

The directors of the Trustee, Brookfield Latitude Site C Landowner Pty Ltd, the responsible entity of Brookfield Latitude Site C Landowning Trust, are responsible for the preparation of the financial report and have determined that the basis of preparation described in Note 2 to the financial report is appropriate to meet the requirements of the Trust Constitution and are appropriate to meet the needs of the unitholders. The directors' responsibility also includes such internal control as the directors determine is necessary to enable the preparation of the financial report that is free from material misstatement, whether due to fraud or error.

### *Auditor's Responsibility*

Our responsibility is to express an opinion on the financial report based on our audit. We have conducted our audit in accordance with Australian Auditing Standards. Those standards require that we comply with relevant ethical requirements relating to audit engagements and plan and perform the audit to obtain reasonable assurance whether the financial report is free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial report. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial report, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation of the financial report that gives a true and fair view, in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by the directors, as well as evaluating the overall presentation of the financial report.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

*Opinion*

In our opinion, the financial report gives a true and fair view of the financial position of Brookfield Latitude Site C Landowning Trust as at 31 December 2010 and its financial performance for the year then ended in accordance with the financial reporting requirements of the Trust Constitution.

*Basis of Accounting*

Without modifying our opinion, we draw attention to Note 2 to the financial report, which describes the basis of accounting. The financial report has been prepared for the purpose of fulfilling the directors' financial reporting responsibilities under the Trust Constitution. As a result, the financial report may not be suitable for another purpose.
