Condensed Notes to the Consolidated Interim Financial Statements

Brookfield Prime Property Fund

11

For the half year ended 31 December 2010

1 Reporting entity

Brookfield Prime Property Fund (formerly Multiplex Prime Property Fund) (Fund) is an Australian registered managed investment scheme under the *Corporations Act 2001*. Brookfield Capital Management Limited (BCML) (formerly Brookfield Multiplex Capital Management Limited), the Responsible Entity of the Fund, is incorporated and domiciled in Australia. The consolidated interim financial report of the Fund as at and for the six months ended 31 December 2010 comprise the Fund and its subsidiaries (together referred to as the Consolidated Entity) and the Consolidated Entity's interest in associates.

2 Basis of preparation

Statement of compliance

The consolidated interim financial report is a general purpose financial report which has been prepared in accordance with AASB 134 *Interim Financial Reporting*. The consolidated interim financial report does not include all the information required for a full year report and should be read in conjunction with the annual financial statements of the Consolidated Entity as at and for the year ended 30 June 2010.

The consolidated interim financial report is presented in Australian dollars, which is the Fund's presentation and functional currency.

The Consolidated Entity is of a kind referred to in ASIC Class Order 98/100, dated 10 July 1998 (updated by CO 05/641 effective 28 July 2005 and CO 06/51 effective 31 January 2006), and in accordance with that Class Order, all financial information presented in Australian dollars has been rounded to the nearest thousand dollars, unless otherwise stated.

All of the existing debt facilities are classified as current in the Statement of Financial Position. Due to this classification, the Consolidated Entity's current liabilities exceed current assets by \$360,997,000. The investment properties and the equity accounted investments valued at \$605,605,000 are classified as non-current assets in accordance with accounting standards.

In accordance with AASB 101 *Presentation of Financial Statements*, an entity shall prepare financial statements on a going concern basis unless management either intends to liquidate the entity or to cease trading, or has no realistic alternative but to do so. At the date of this report, management has no intention to either liquidate the Fund or to cease trading and management is evaluating a number of financing options to refinance the term facility prior to maturity in December 2011.

3 Significant accounting policies

The accounting policies applied in this consolidated interim financial report are the same as those applied in the consolidated financial report as at and for the year ended 30 June 2010, except for the impact of the new or revised Standards and Interpretations that are first effective in the current reporting period, as described below.

AASB 2009-5 Further Amendments to Australian Accounting Standards arising from the Annual Improvements Process
AASB 2009-5 introduces amendments into Accounting Standards that are equivalent to those made by the IASB under its program of annual improvements to its standards. A number of the amendments are largely technical, clarifying particular terms, or eliminating unintended consequences. Other changes are more substantial, such as the current/non-current classification of convertible instruments, the classification of expenditures on unrecognised assets in the statement of cash flows and the classification of leases of land and buildings.

AASB 2010-3 Amendments to Australian Accounting Standards arising from the Annual Improvements Project
AASB 2010-3 introduces amendments to a number of pronouncements as a result of the IASB's 2008-2010 cycle of annual improvements to provide clarification of certain matters. The key clarifications include the measurement of non-controlling interests in a business combination, transition requirements for contingent consideration from a business combination that occurred before the effective date of the revised AASB 3 *Business Combinations (2008)*, and transition requirements for amendments arising as a result of AASB 127 *Consolidated and Separate Financial Statements*.

The adoption of the above amendments have not resulted in any material changes to the Consolidated Entity's accounting policies or adjustments to amounts reported in the current or prior periods.

4 Estimates

The preparation of the consolidated interim financial report requires management to make judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expense. Actual results may differ from those estimates.

5 Segment reporting

Management have identified the Chief Operating Decision Maker function is performed by the Board of Directors of the Responsible Entity (Board). The Board assesses the performance of the Consolidated Entity in its entirety. The allocation of resources is not performed in separate segments by the Board. The Board reviews and assesses the information in relation to the performance of the Consolidated Entity as set out in the condensed consolidated Statement of Comprehensive Income and condensed consolidated Statement of Financial Position, therefore no further segment reporting is required.

Independent valuations

The investment properties of the Consolidated Entity are internally valued at each reporting date. The Consolidated Entity's policy is to obtain external valuations when internal valuations performed indicate the property value has changed by more than 5%, or whenever it is believed that the fair value of a property differs significantly from its carrying value, based on a material change to the assumptions and market conditions underlying the valuation. An external valuation is obtained at least every 3 years.

At 31 December 2010, the property portfolio (including properties held through associates) comprised of 4 assets of which Defence Plaza was externally valued by Colliers. The remaining 3 properties were internally valued. The Directors of BCML have been guided by these valuations in assessing the fair value of these properties at the reporting date.

The valuations have been undertaken using a discounted cash flow (DCF) approach. The key assumptions adopted under these methods include assessment of the capitalisation rate, discount rate, terminal yield, current passing/market rent and forecast net annual cash flows receivable from the properties. The capitalisation rates utilised in the 31 December 2010 valuations range from 6.85% to 8.13%.

The security granted in favour of the banks in support of the obligations under the Term and Partly Paid facilities are limited to the assets and income of the Consolidated Entity and includes real property mortgages over the relevant properties. Security for the Partly Paid facility also includes a fixed charge over the Fund's right to receive the final instalment of equity in accordance with the terms of the Constitution.

The Consolidated Entity has two financial covenants on each of the two facilities, an interest coverage ratio (ICR) and a loan to value ratio (LVR).

At 31 December 2010, the Fund was in compliance with both financial covenants on both of the debt facilities. The LVR limit on the Term facility states that the total borrowing on the Term facility must not exceed the sum of 67.5% of the value of investment properties (including investment properties held through associates) and 50% of the value of the A-REIT portfolio. The Term facility limit based on actual results at 31 December 2010 indicates that the total value based on the above criteria exceeds the borrowing on the Term facility by \$44,148,000. The LVR limit on the Partly Paid facility is 85% and the LVR based on actual results at 31 December 2010 is 78.9%.

Independent Auditor's Review Report to the Unitholders of Brookfield Prime Property Fund

Report on the Half-Year Financial Report

We have reviewed the accompanying half-year financial report of Brookfield Prime Property Fund ('the Fund'), which comprises the condensed statement of financial position as at 31 December 2010, and the condensed statement of comprehensive income, the condensed statement of cash flows and the condensed statement of changes in equity for the half-year ended on that date, selected explanatory notes and, the directors' declaration of the consolidated entity comprising the fund and the entities it controlled at the end of the half-year or from time to time during the half-year as set out on pages 7 to 15.

Directors' Responsibility for the Half-Year Financial Report

The directors of Brookfield Capital Management Limited, the responsible entity for the fund, are responsible for the preparation of the half-year financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001* and for such internal control as the directors determine is necessary to enable the preparation of the half-year financial report that is free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express a conclusion on the half-year financial report based on our review. We conducted our review in accordance with Auditing Standard on Review Engagements ASRE 2410 *Review of a Financial Report Performed by the Independent Auditor of the Entity*, in order to state whether, on the basis of the procedures described, we have become aware of any matter that makes us believe that the half-year financial report is not in accordance with the *Corporations Act 2001* including: giving a true and fair view of the fund's financial position as at 31 December 2010 and its performance for the half-year ended on that date; and complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*. As the auditor of the fund, ASRE 2410 requires that we comply with the ethical requirements relevant to the audit of the annual financial report.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Auditor's Independence Declaration

In conducting our review, we have complied with the independence requirements of the *Corporations Act 2001*. We confirm that the independence declaration required by the *Corporations Act 2001*, which has been given to the directors of Brookfield Capital Management Limited, would be in the same terms if given to the directors as at the time of this auditor's report.

Conclusion

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the half-year financial report of Brookfield Prime Property Fund is not in accordance with the *Corporations Act 2001*, including:

- (a) giving a true and fair view of the consolidated entity's financial position as at 31 December 2010 and of its performance for the half-year ended on that date; and
- (b) complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.
